Dark Ages America: The Final Phase of Empire Morris Berman

In *Dark Ages America*, the pundit Morris Berman argues that the nation has entered a dangerous phase in its historical development from which there is no return.

As the corporate-consumerist juggernaut that now defines the nation rolls on, the very factors that once propelled America to greatness—extreme individualism, territorial and economic expansion, and the pursuit of material wealth—are, paradoxically, the nails in our collective coffin. Within a few decades, Berman argues, the United States will be marginalized on the world stage, its hegemony replaced by China or the European Union. With the United States just one terrorist attack away from a police state, Berman's book is a controversial and illuminating look at our current society and its ills.

Betty Norsworthy:

As a pupil exactly feel bored in order to reading. If their teacher requested them to go to the library or make summary for some guide, they are complained. Just minor students that has reading's heart or real their leisure activity. They just do what the instructor want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that studying is not important, boring along with can't see colorful images on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this Dark Ages America: The Final Phase of Empire can make you experience more interested to read.
