The Seventh Million: The Israelis and the Holocaust Tom Segev

The Seventh Million is the first book to show the decisive impact of the Holocaust on the identity, ideology, and politics of Israel. Drawing on diaries, interviews, and thousands of declassified documents, Segev reconsiders the major struggles and personalities of Israel's past, including Ben-Gurion, Begin, and Nahum Goldmann, and argues that the nation's legacy has, at critical moments--the *Exodus* affair, the Eichmann trial, the case of John Demjanjuk--have been molded and manipulated in accordance with the ideological requirements of the state. *The Seventh Million* uncovers a vast and complex story and reveals how the bitter events of decades past continue to shape the experiences not just of individuals but of a nation. Translated by Haim Watzman.

Coleman Bailey:

As a university student exactly feel bored for you to reading. If their teacher asked them to go to the library or even make summary for some book, they are complained. Just small students that has reading's heart or real their hobby. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that reading through is not important, boring along with can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we wish. Likewise word says, many

ways to reach Chinese's country. Therefore this The Seventh Million: The Israelis and the Holocaust can make you feel more interested to read.
