Between a busy family and her duties as a reporter for the Tinker's Cove *Pennysaver*, Lucy Stone could use a break. So when a friend tells her about a trip to England sponsored by Winchester College, she jumps at the chance for a girls getaway. But when tour leader Professor George Temple dies mid-flight after an asthma attack, Lucy's glad she packed her sleuthing skills. . .

In London, Professor Quentin Rea, a ladies' man and former flirt of Lucy's, arrives to take over the tour—and she finds that while his hairline has receded, his amorous intentions have not. Lucy also begins to notice peculiar behavior among other members of the group. And when she discovers all of them have pasts connected to the late Professor Temple, she suspects his death was an elaborate act of revenge. Then another tour member dies, and Lucy is suddenly ensnared in a daring scheme that could lead her to a mastermind of murder—or make her the next victim. . .
