Where the Money Went

Jeff Collins

Where the Money Went Jeff Collins

Where the Money Went provides a thoughtful, frequently humorous series of vignettes that cut to the core of many issues currently facing the nation and the world. Shining a spotlight on the American Corporatocracy and empire, as well as the extreme oversupply of worldwide labor, Where the Money Went examines increasing social conformity in the U.S. and its institutions. The preposterously expensive, increasingly predatory American health care delivery system, the military, industrial, security, petroleum complex, banking, the Fed, Congress and the Media all come under intense scrutiny. Where the Money Went is a scathing investigation, connecting the 'dots' of economic cycles, historical observations, and contemporary social and economic trends.
