Why is it that we see very young people becoming millionaires these days? Or older athletes in the Olympics winning medals when people thought they didn't have a chance? And how about former Senator Barack Obama running for president and being the first African American in US history to win the presidency when many thought it was impossible?

It is because these individuals have learned how to use the Law of Attraction—they have learned how to believe something is possible, even while others don't. Whether it is presidential elections, sports, or anything, for that matter, what we believe directly determines our destiny.
