The book offers broad understanding and unique insights into the REITs industry. Its scope is to analyze and synthesize the existing scholarly research on REITs in a way that will enable managers to improve their investments decisions and the operating performance of their REITs. It also provides up-to-date original research on REITs based on the authors' own database, which is the most extensive data base available on REITs that is free of survivorship bias. This book helps investors evaluate REITs and identify those with the greatest investment potential. Finally, it provides the reader with a detailed discussion of likely future changes anticipated for this unique investment vehicle.
