Comprehending Christian Zionism: Perspectives in Comparison Goran Gunner, Robert O. Smith

The question of the Christian Zionism—the religious and political support of the state of Israel—is fiercely debated within theology and the church, as well as in the wider political and social arenas. Examination of the issue is, however, highly relevant and crucial, as it cuts across a wide array of constitutive features and beliefs of Christian life, from interpretation of scripture to religious and political ethics.

Comprehending Christian Zionism brings together an international consortium of scholars and researchers to reflect on the network of issues and topics surrounding this critical subject; these essays are the fruit of several years of collaboration by the special working group on Christian Zionism. The volume includes essays from Christian scholars around the globe, as well as Jewish and Palestinian contributors to provide interfaith contextual dialogue.
