The Accidental Time Travellers: The Complete Trilogy Marc James

Three great books for the price of one! The complete Accidental Time Travellers Trilogy. To Kill a President, A Year to Forget, What James Did

Book One- To Kill a President -

When James Faraday decides to ask his girlfriend Jane to marry him, disaster strikes. Jane suddenly disappears leaving Faraday a distraught and broken man. After attempting to take his own life, he receives a visit from two peculiar men who seem to know something regarding Jane's whereabouts.

Following the men's advice, he returns to the scene of Jane's disappearance in order to follow a bright light he had seen in his dreams and on the day of her disappearance. Once he has followed the light he is transported through space and time to November 1963 in Dallas, Texas.

Once Faraday has been reunited with Jane he learns more about the two men that came to visit him, he learns that they too had followed the light that had brought Faraday and Jane to Dallas. David Lewis is a Forensic Pathologist working at Parkland Hospital in Dallas. Bobby Stinson is an attorney with ties to Meyer Lansky and the Mafia.

Bobby is brought into the plot to kill President Kennedy which leads the four accidental time travelers into the most dangerous adventure of their lives. Each character battles not only the conspirators but their inner demons in an attempt to stop the assassination.

Based on actual events, To Kill a President features key witnesses to the assassination that have since become infamous including the Umbrella Man, the Babushka Lady and the Three Tramps. As they dig deeper into the conspiracy they also meet key historical figures including J Edgar Hoover, Bobby Kennedy, Lyndon Johnson, Jack Ruby and Lee Harvey Oswald.

With danger around every corner and with the lives of loved ones at stake they struggle to uncover the truth and attempt to change the course of history.

Book Two- A Year to Forget-

The book takes place five years after the events in Dallas.

Bobby Kennedy has successfully been re-elected after defeating Richard Nixon in the Presidential elections. It begins on Christmas Eve, 1968, the same night that Apollo 8 orbits the Moon on live TV. What should be a night of celebration, quickly becomes a night of despair as Apollo 8 explodes in front of the entire world. So begins a year of turmoil for the Kennedy Administration as they come into conflict with an unknown enemy and old adversary's.

Our time travellers loyalty to the current regime and one another is tested, when it transpires that the enemy can offer them something the President can't.

They face danger at every turn as they struggle to survive in a year where the Space Race, Civil Rights and Nazi war criminals pose danger for the entire planet.

Book Three - What James Did.

The book begins where the second book, A Year to Forget left off.

The story follows James Faraday as he comes to realise the error of his ways. He discovers that Abaddon had not been entirely honest with him, regarding his intentions for America and Faraday's friends.

Faraday must unite with unlikely allies, defeat unbeatable enemies, and risk the lives of himself, and those around him in an attempt to make things right.

As with the first two books in the series, What James Did features many historical characters including: Adolf Hitler, John F. Kennedy, Bobby Kennedy, Jackie Kennedy, Ethel Kennedy, Josef Mengele, Werner Von Braun, Guy Fawkes, Clyde Barrow and Bonnie Parker.
