What does it mean to follow Jesus? And how should we help others become more like him?

Once upon a time, being a Christian seemed clear. Say these words, pray these prayers, do these things. But out in the real world, following Jesus feels more nebulous. What's the point?

That's Stephen's struggle in these pages as he wonders if he has missed his calling. In this compelling narrative, James Choung explores what it means to follow Jesus in the real world. Is Christianity something you just believe in, or can it be something you actually live out? Engineer Stephen wants to encourage his younger colleague Jared in his spiritual journey, but both feel at a loss. Stephen's friend Bridget offers insights on how Boomers, Xers, Millennials and younger generations approach spiritual questions, with implications for discipleship, community and service. Together they walk through deepening stages of faith as they discern how God is calling them to live.

Join Stephen, Bridget and Jared on their journey of following Jesus, as they discover what it means to move from skeptic to world-changer. And find new pathways for Christian discipleship and discipling in a world yearning for hope.
