In Defense of Women

H. L. Mencken

In Defense of Women H. L. Mencken

American author, critic, newspaper man, and iconoclast, H. L. Mencken maintained that women are smarter than men and cited numerous examples of the female's overwhelming skill and cunning to support his position. Originally published in 1922, this book considers topics that remain of vital interest to today's readers, including monogamy and polygamy, prostitution, the double standard, sexual harassment, and declining birth and marriage rates. Written in Mencken's characteristic no-nonsense manner, *In Defense of Women* crackles with controversy and caustic wit. Unabridged republication of the classic 1922 edition.
