Spirit Faces: Truth About the Afterlife Mark Macy

Spirit Faces is a visionary book about the afterlife based on Mark Macy's fifteen years of research, with special emphasis on a growing collection of unique photographs in which he captures clear faces of nonphysical beings- spirits. These photographs and other results of his research provide some of the first solid evidence, and verifiable proof, that life continues after death of the physical body.

Macy weaves his groundbreaking information into a clear picture of life on the other side. He explains in easily digestible terms how loved ones, ancestors, angels, and ghosts all play a part in the affairs of our world, and how we humans can attract the supportive and loving spiritual influences that we desire.
