Communicable Disease: Epidemiology and Control

Communicable Disease: Epidemiology and Control

Communicable Disease Epidemiology and Control Edited by Norman Noah King's College School of Medicine and Dentistry, London, UK, and Mary O'Mahony Public Health Laboratory Service, London, UK
With the growing interest in communicable diseases and their control worldwide, largely due to new and re-emerging infections, there is a need for up-to-date information in this continually changing field. Timely and wide ranging, Communicable Disease: Epidemiology and Control addresses many of the contemporary issues and provides:

- * Detailed and concise examination of management issues, such as commissioning and contracting, setting up an incident room, and legal aspects
- * A practical approach
- * An examination of a wide spectrum of issues in communicable diseases, including cholera, tuberculosis, Helicobacter pylori, and sexually transmitted diseases

This volume is an invaluable resource for microbiologists, epidemiologists and all professionals involved in public health.
