**McNally's Luck (The Archy McNally Series Book 2)** Lawrence Sanders

**Lawrence Sanders's perennially popular detective takes on a deceptively simple case of pet abduction, where bad luck can be deadly**

Archy McNally enjoys sipping late-night port with his girlfriend of the moment and tooling across southern Florida in his red Miata sports car. In his off hours, he works as a part-time investigator for his father's venerable law firm. His latest assignment? Solve a simple catnapping. But, as McNally knows, things are rarely as simple as they seem.

Soon, the case of the missing Peaches, a foul-tempered, overweight Persian, morphs into the murder of a prominent Palm Beach woman. Uncovering a chilling connection between the two cases sends McNally into a psychological game of cat and mouse. As he lays a trap that could be catnip for the killer, he is faced with the reality that felines may have nine lives but he has only one.
