This Nothing's Place (Essential Poets Series) Pasquale Verdicchio

Revealing the instability of location and the illusory nature of identity, this poetry collection traces the edges where the multidimensional blends, blurs, and merges, envisioning a place where form is formless and perception boundless. Taking its title from Emily Carr's Klee Wyck, which describes a strip of land that belongs to Nothing, this compendium explores the indefinite place where imagination and vitality converge to become creativity. {Guernica Editions}
