The attempt itself reveals both the machinery and the resolve. Rising against the gravitational seductions of former disbelief, the unclosing eye is disabused of shadowy fear and caging illusion. In these pages of poetry, fiction, essays and art, spheres of an original geometry draw together and at long last illuminate that elusively crystalizing plane of second sight, angelic knowledge, and bright eternity. Here, should fortune favor our bold attempt, we might grasp the fires of joy, forge them into thunderbolts, and launch them high to ignite the stars of our most exalted and passionate emanations.

The second anthology to be released by International Authors, *Emanations: Second Sight* showcases the work of thirty writers from around the world. With illustrations by Bienvenido Bañez, Jr., Troy C. Frantz, Terrance Lindall, Kai Robb, and Dario Rivarossa.
