Orthopaedic Physical Therapy

Robert A. Donatelli, Michael J. Wooden

Orthopaedic Physical Therapy Robert A. Donatelli, Michael J. Wooden

Provide the best care for your patients by improving your technical and decision-making skills with this all-inclusive text. From basic sciences to detailed information on specific technologies and surgeries, this comprehensive resource has the content you need to expand your expertise in the treatment of musculoskeletal dysfunction. This 4th edition includes updated, revised, and new chapters to ensure you have the most helpful and clinically relevant information available.

- Coverage of surgical options and postsurgical rehabilitation for your patients with musculoskeletal disorders facilitates communication between therapists and physicians and improves the patient's post-surgical rehabilitation.
- Updated content on orthopaedic surgical and rehabilitation procedures, including hyaline cartilage replacements, iliotibial band releases, ACL deficit knee, and much more puts the latest advances in the field at your fingertips.
- Case studies and clinical tips strengthen your problem-solving skills and maximize the safety, quality, and efficiency of care.
- Expert editors and contributors share their knowledge from years of practice and research in the field.
- Six new chapters, covering topics such as strength training, screening for referral, neuromuscular rehabilitation, reflect the latest physical therapy practice guidelines.
- Updated clinical photographs clearly demonstrate examination and treatment techniques.
- A user-friendly design highlights clinical tips and other key features important in the clinical setting.
- Terminology and classifications from the Guide to Physical Therapist Practice, 2nd Edition are incorporated throughout the text making descriptions easier to understand.
- An emphasis on treatment of the individual rather than the dysfunction reflects current practice in physical therapy.
- Video clips on the accompanying Evolve site demonstrate evaluation, exercise, and treatment techniques covered in the text.

From reader reviews:

Melanie Archer:

What do you in relation to book? It is not important along with you? Or just adding material when you need something to explain what yours problem? How about your time? Or are you busy man? If you don't have spare time to complete others business, it is make you feel bored faster. And you have extra time? What did you do? Everybody has many questions above. They should answer that question because just their can do which. It said that about book. Book is familiar in each person. Yes, it is right. Because start from on kindergarten until university need that Orthopaedic Physical Therapy to read.

Pamela Cole:

A lot of people always spent their own free time to vacation as well as go to the outside with them friends and family or their friend. Do you know? Many a lot of people spent they free time just watching TV, or playing video games all day long. If you would like try to find a new activity that is look different you can read any book. It is really fun to suit your needs. If you enjoy the book you read you can spent the whole day to reading a publication. The book Orthopaedic Physical Therapy it is extremely good to read. There are a lot of individuals who recommended this book. We were holding enjoying reading this book. Should you did not have enough space to bring this book you can buy typically the e-book. You can m0ore quickly to read this book from a smart phone. The price is not too expensive but this book has high quality.

Maria Simmons:

This Orthopaedic Physical Therapy is great e-book for you because the content and that is full of information for you who all always deal with world and still have to make decision every minute. This particular book reveal it information accurately using great plan word or we can claim no rambling sentences within it. So if you are read this hurriedly you can have whole information in it. Doesn't mean it only offers you straight forward sentences but challenging core information with attractive delivering sentences. Having Orthopaedic Physical Therapy in your hand like getting the world in your arm, details in it is not ridiculous a single. We can say that no book that offer you world with ten or fifteen tiny right but this publication already do that. So , this really is good reading book. Heya Mr. and Mrs. stressful do you still doubt this?

Thomas Crittenden:

You may spend your free time to read this book this reserve. This Orthopaedic Physical Therapy is simple bringing you can read it in the playground, in the beach, train and also soon. If you did not have got much space to bring typically the printed book, you can buy typically the e-book. It is make you quicker to read it. You can save typically the book in your smart phone. So there are a lot of benefits that you will get when one buys this book.
