Fields of Castile/Campos de Castilla: A Dual-Language Book (Dover Dual Language Spanish) Antonio Machado

Master poet Antonio Machado y Ruiz is widely regarded as one of the twentieth-century's greatest Spanish writers. His collection of poems celebrating the region of Castile made him one of the primary voices of the Generation of 1898 — a brilliant group of writers dedicated to Spain's moral and cultural rebirth after the Spanish-American War. Machado's lyrical *Campos* poems, tinged with nostalgic melancholy, are powerfully introspective and meditative, revealing an evolution away from his previously ornate, Modernist style. With these magnificent poems, Machado moved toward a simpler, more authentic approach that would later distinguish all of his works.

This unabridged edition of Machado's landmark *Campos de Castilla* is presented in a dual-language format which features an excellent new translation on pages facing the Spanish original. A fully informative introduction and comprehensive notes by the translator are also included.
