Appointment in Baghdad (Superbolan) Don Pendleton

A raid on a Toronto mosque reveals a hard link to a mysterious figure known only as Scimitar. He's a legend believed to be at the center of an international network of violent jihadist and criminal enterprises stretching across the Middle East and southwest Asia—created after the collapse of a brutal dictatorial regime in Iraq.

From the opium dens of Hong Kong to the dark corners of eastern Europe, and war-torn Baghdad itself, Mack Bolan and two of Stony Man's finest are targeting an organized empire that runs everything from heroin traffic to global jihad. Yet Scimitar remains a mystery within an enigma; a brilliant, faceless opponent whose true identity will force Bolan into a personal confrontation for justice—and righteous retribution.
