Anatomy of a Soldier: A novel Harry Parker

***Anatomy of a Soldier* is a stunning first novel—of patriotism, heroism, and profound humanism—that will immediately take its place on the shelf of classics about what it truly means to be at war.**

Let's imagine a man called Captain Tom Barnes, aka BA5799, who's leading British troops in the war zone. And two boys growing up together there, sharing a prized bicycle and flying kites before finding themselves estranged once foreign soldiers appear in their countryside. And then there's the man who trains one of them to fight against the other's father and all these infidel invaders. Then imagine the family and friends who radiate out from these lives, people on all sides of this conflict where virtually everyone is caught up in the middle of something unthinkable.

But then regard them not as they see themselves but as all the objects surrounding them do: shoes and boots, a helmet, a bag of fertilizer, a medal, a beer glass, a snowflake, dog tags, and a horrific improvised explosive device that binds them all together by blowing one of them apart—forty-five different narrators in all, including the multiple medical implements subsequently required to keep Captain Barnes alive.

The result is a novel that reveals not only an author with a striking literary talent and intelligence but also the lives of people—whether husband or wife, father or mother, son or daughter—who are part of this same heart-stopping journey. A work of extraordinary humanity and hope, created out of something hopeless and dehumanizing, it makes art out of pain and suffering and takes its place in a long and rich line of novels that articulate the lives that soldiers lead. In the boom of an instant, and in decades of very different lives and experiences, we see things we've never understood so clearly before.

From the Hardcover edition.

From reader reviews:

Tara Thornton:

Book is definitely written, printed, or descriptive for everything. You can know everything you want by a reserve. Book has a different type. As you may know that book is important thing to bring us around the world. Next to that you can your reading ability was fluently. A publication Anatomy of a Soldier: A novel will make you to possibly be smarter. You can feel a lot more confidence if you can know about anything. But some of you think which open or reading the book make you bored. It isn't make you fun. Why they can be thought like that? Have you trying to find best book or ideal book with you?

Christopher Levi:

In this 21st one hundred year, people become competitive in each and every way. By being competitive right now, people have do something to make them survives, being in the middle of often the crowded place and notice by surrounding. One thing that occasionally many people have underestimated the idea for a while is reading. Yep, by reading a publication your ability to survive raise then having chance to stand than other is high. For yourself who want to start reading a new book, we give you this kind of Anatomy of a Soldier: A novel book as nice and daily reading reserve. Why, because this book is greater than just a book.

Pearl Moore:

This book untitled Anatomy of a Soldier: A novel to be one of several books that best seller in this year, honestly, that is because when you read this publication you can get a lot of benefit in it. You will easily to buy this particular book in the book retail outlet or you can order it through online. The publisher of the book sells the e-book too. It makes you quickly to read this book, as you can read this book in your Smartphone. So there is no reason to you personally to past this publication from your list.

Kimberly Casselman:

The reason why? Because this Anatomy of a Soldier: A novel is an unordinary book that the inside of the book waiting for you to snap it but latter it will distress you with the secret this inside. Reading this book alongside it was fantastic author who write the book in such amazing way makes the content interior easier to understand, entertaining technique but still convey the meaning entirely. So , it is good for you because of not hesitating having this any longer or you going to regret it. This book will give you a lot of advantages than the other book have got such as help improving your proficiency and your critical thinking method. So , still want to hold off having that book? If I have been you I will go to the reserve store hurriedly.
