Remnant Population Elizabeth Moon

For forty years, Colony 3245.12 has been Ofelia's home. On this planet far away in space and time from the world of her youth, she has lived and loved, weathered the death of her husband, raised her one surviving child, lovingly tended her garden, and grown placidly old. And it is here that she fully expects to finish out her days—until the shifting corporate fortunes of the Sims Bancorp Company dictates that Colony 3245.12 is to be disbanded, its residents shipped off, deep in cryo-sleep, to somewhere new and strange and not of their choosing. But while her fellow colonists grudgingly anticipate a difficult readjustment on some distant world, Ofelia savors the promise of a golden opportunity. Not starting over in the hurly-burly of a new community . . . but closing out her life in blissful solitude, in the place she has no intention of leaving. A population of one.

With everything she needs to sustain her, and her independent spirit to buoy her, Ofelia actually does start life over—for the first time on her own terms: free of the demands, the judgments, and the petty tyrannies of others. But when a reconnaissance ship returns to her idyllic domain, and its crew is mysteriously slaughtered, Ofelia realizes she is not the sole inhabitant of her paradise after all. And, when the inevitable time of first contact finally arrives, she will find her life changed yet again—in ways she could never have imagined. . . .

From reader reviews:

Jamie Arellano:

The book Remnant Population give you a sense of feeling enjoy for your spare time. You can use to make your capable more increase. Book can for being your best friend when you getting stress or having big problem along with your subject. If you can make looking at a book Remnant Population for being your habit, you can get much more advantages, like add your own personal capable, increase your knowledge about many or all subjects. You could know everything if you like wide open and read a guide Remnant Population. Kinds of book are several. It means that, science publication or encyclopedia or other people. So , how do you think about this book?

Corey Johnson:

The book with title Remnant Population has a lot of information that you can discover it. You can get a lot of gain after read this book. This specific book exist new expertise the information that exist in this reserve represented the condition of the world currently. That is important to yo7u to be aware of how the improvement of the world. This particular book will bring you in new era of the internationalization. You can read the e-book on the smart phone, so you can read the idea anywhere you want.

Carolyn Alcantara:

As we know that book is vital thing to add our know-how for everything. By a publication we can know everything you want. A book is a pair of written, printed, illustrated or blank sheet. Every year ended up being exactly added. This publication Remnant Population was filled with regards to science. Spend your spare time to add your knowledge about your scientific research competence. Some people has distinct feel when they reading the book. If you know how big good thing about a book, you can really feel enjoy to read a book. In the modern era like today, many ways to get book that you simply wanted.

James Stevens:

As a pupil exactly feel bored for you to reading. If their teacher questioned them to go to the library or make summary for some publication, they are complained. Just little students that has reading's heart and soul or real their leisure activity. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading really. Any students feel that reading through is not important, boring as well as can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Remnant Population can make you really feel more interested to read.
